Message from the Organizing Chairman

Dear wound friends and family members, I am truly blessed to be able to invite you back to Kuala Lumpur, Malaysia to grace our Global Wound Conference 2018. The theme this time is Strengthening the BOND License to HEAL. We need to foster and further strengthen the bonds of our unique and special relationship in the multidisciplinary management of wounds. We need to work together and support each other hand in hand to ensure that our patients get the best treatment with good clinical outcomes with minimal or no complications. My sincere hope is that we will all benefit from this global conference.

Take care and God bless you.

Yours sincerely,
