**MINUTES OF THE 44<sup>th</sup> SCHOMOS ANNUAL GENERAL MEETING**  
**HELD ON THURSDAY, 5<sup>th</sup> SEPTEMBER 2024, AT 2.00 P.M.**  
**AT RIVERSIDE MAJESTIC HOTEL, KUCHING, SARAWAK, & VIA ZOOM (HYBRID)**

**ITEM 1.0: WELCOME ADDRESS**

The 44<sup>th</sup> SCHOMOS MMA Annual General Meeting was called to order by the Chairman of National SCHOMOS 2023/2024, Dr Sivabala Selvaratnam at 1420H when quorum was reached.

Dr Sivabala started the session by welcoming the floor and sharing a quote *“Our lives begin to end the day we become silent about the things that matter”*. He then acknowledged and thanked the outstanding work of SCHOMOS ExcOs and NWC, as well as Ms. Rafikah as he mentioned that without a strong secretariat body, things would not run smoothly. He also thanked all SCHOMOS members for the support provided and the mandate given throughout his tenure as chairman as well as his wife and family for allowing him to do the work.

He highlighted the KPI which was to complete six projects. He thanked and expressed his gratitude towards all SCHOMOS ExcOs who had successfully conducted all activities and programs under SCHOMOS in the term 2023/2024. Some of the programs executed are as follows:

***Leadership course*** – Dr Sivabala thanked Dr Shauqi for having built bridges with the administrative components of KKM and hospitals that have resounded success while collaborating with the MDHMS.

***Specializing in Malaysia*** – Addressing postgraduate training in Malaysia and the parallel pathway issue. Dr Sivabala mentioned the *Thank You* message by YBMK and his team where MMA is included.

***Ask SCHOMOS anything session*** - a virtual Townhall session to touch base with SCHOMOS members.

***Women in Medicine*** – Dr Sivabala thanked Dr Lynette for organizing two workshops (instead of the usual one) as part of the MMA Congress; Ultrasound Workshop and Suturing Workshop. Both were very well attended and immensely successful.

***Career Guidance Conference*** – Dr Sivabala thanked Dr Muruga Raj for starting this initiative two years ago. This conference is (not related entirely to medicine) for school students; to inform and educate what is available for them in their future endeavors.

***Sepeda Amal Borneo*** – Dr Sivabala thanked Dr Timothy for spearheading this event as it has grown in stature, in aid of cancer prevention for the ROSE Foundation.

***Advocacy 101*** – Dr Sivabala thanked Dr Sean for organizing this event just before concluding our term in office (on 1<sup>st</sup> September 2024) as it has informed us on how we can advocate better.

Finally, Dr Sivabala thanked Datin Dr Gowri for her diligent management of SCHOMOS' accounts in accordance with MMA's financial guidelines, thus ensuring the success of all our events.

**MINUTES OF THE 44<sup>th</sup> SCHOMOS ANNUAL GENERAL MEETING**  
**HELD ON THURSDAY, 5<sup>th</sup> SEPTEMBER 2024, AT 2.00 P.M.**  
**AT RIVERSIDE MAJESTIC HOTEL, KUCHING, SARAWAK, & VIA ZOOM (HYBRID)**

Dr Sivabala also introduced SCHOMOS' NWC members. He informed that 3 out of the 14 members had to excuse themselves halfway and had to be replaced. Legacy events such as ABC and R&R should be solely conducted by MMA and not in collaboration with other authorities. The traditionally well celebrated Doctor's Day will be conducted in the new term on 12<sup>th</sup> October 2024 at MMA House.

For the PPS section, Dr Sivabala thanked Dato Dr Parmjit Singh for collaborating with MMA Penang, providing amazing hospitality in team building, and many other activities. Dr Sivabala added that PPS has also introduced awards similar to the SCHOMOS Awards.

SCHOMOS will not be complete without mentioning the Junior Doctors Network (JDN). Dr Sivabala acknowledged Dr Leonard Goh who proposed the constitutional amendment to put JDN under SCHOMOS and formalize it. Dr Sivabala also added that a survey done by JDN had been featured on the front page of *SinChew Daily* in which he expressed gratitude to Dr Loke Xi Mun for her hard work and mentioned that she is the first elected representative. Dr Sivabala also recognized Dr Merlinda as the previous chairman of JDN. Besides that, one of the JDN tweets attracted the attention of YBMK and received over 800k views on social media platform, X. During the Medical Association of South East Asian Nations (MASEAN) conference in May 2024, Dr Xi Mun was elected to serve as the First Vice Chair of JDN MASEAN. Kudos to Malaysia for achieving this milestone (formalizing JDN) two years ago and MASEAN has followed suit.

As for the Membership section, we have surpassed 2,000 new members this term thanks to the efforts of our branches. Special recognition goes to Dr Vijay Ganasan who played a crucial role in surpassing the 2000 new members mark for the very first time during his tenure as SCHOMOS Chairman two years ago and set a high standard for the coming terms. While some might view 2,000 new members as modest, it's important to remember that the intake of new doctors is decreasing nationally, yet MMA continues to thrive in growing its membership.

On the Advocacy side, Dr Sivabala showcased some of the programs conducted in the term 2023/2024. Some of the programs are as follows:

***Weekend Rounds - Training Opportunity or Cheap Labour*** – SCHOMOS MMA was invited to speak on this topic at University Malaya during their Masterclass in Medicine in September 2023.

***Majlis Bersama Kebangsaan (MBK)*** – Dr Sivabala thanked Dr Arvind Alaga for his hard work and having a strong voice in advocating doctors' issues at the MBK

***Workplace wellness training*** – In conjunction with National Training Week, MMA was given the platform with Bank Negara to speak on leadership issues at Hospital Pulau Pinang.

***Bullying, Brain Drain, and Burnout*** – Dr Sivabala said KKM is slow on the uptake of the issue, but we will not overlook this

**AT RIVERSIDE MAJESTIC HOTEL, KUCHING, SARAWAK, & VIA ZOOM (HYBRID)**

Dr Sivabala also showed appreciation to Dr Azizan Abdul Aziz, as he stated that she is like Triple AAA battery that is small yet powerful and highly efficient. She has released 60+ press statements on issues affecting the medical fraternity during her tenure as MMA President and more than half of them were on SCHOMOS issues.

Dr Sivabala added, that MMA also partnered with OGSM to offer an ultrasound course, which received a lot of positive feedback. It would be beneficial to make this an annual event. As for the MMA/MMC dinner, it is yet another collaborative effort. Many of our doctors are unaware of the distinction between MMA and MMC. While MMC is the regulatory body, MMA functions as a non-governmental organization (NGO).

Dr Sivabala urged everyone to like and share the post sent by Malaysian Medical Association (@malaysianmedic1) on social media platform, X to gain the attention of MPs regarding doctors' issues.

Dr Sivabala ended his welcoming speech with a simple quote *"Moving forward there must be light at the end of the tunnel"* as he shared an African philosophy of Ubuntu - how can one of us be happy when all the other ones are sad? Hence, we must all be the change we want to see in the world. He also acknowledged Dr Mary Suma Cardosa who was in the hall as the first lady president of the MMA. Dr Sivabala concluded the Chairman's address by paying tribute to all past SCHOMOS Chairmen via a PowerPoint slide he had put together and joked that he wished to see his photo alongside all those legends next year.

Dr Sean Thum thanked Dr Sivabala for his welcome address as SCHOMOS Chairman and being a statesman in acknowledging and thanking everyone else for their contributions (while conspicuously leaving himself out).

**ITEM 2.0: TO ADOPT THE MINUTES OF THE 43<sup>RD</sup> NATIONAL SCHOMOS ANNUAL GENERAL MEETING**

2.1 Dr Sean Thum invited the floor to go through the minutes of the 43<sup>rd</sup> National SCHOMOS AGM and requested a proposal to adopt the minutes. The minutes of the 43<sup>rd</sup> National SCHOMOS AGM were proposed to be adopted with no amendments by Dr Theyveeka (Selangor) and seconded by Dr Sathesh (Perlis).

The outdated 7th Fee Schedule, which continues to affect private healthcare practitioners.

#### 3.1.2 Courtesy visit to Minister of Health Malaysia

The discussion focused on improving work-life balance, reviewing doctor compensation, and tackling workforce and recruitment challenges within the healthcare system.

## Section Concerning House Officers, Medical Officers, and Specialists (SCHOMOS)

- A key area of concern was the impact of the new Waktu Kerja Berlainan (WBB), which many doctors feel has contributed to increased workload and reduced patient care quality due to manpower shortages. MMA also raised concerns about the on-call and shift systems that continue to strain the wellbeing of healthcare workers.
- In terms of compensation, the MMA highlighted discrepancies in allowances and pay structures between junior and senior doctors, as well as recent reductions in on-call allowances. The delegation stressed the importance of financial incentives to retain talent in the public healthcare system.
- The meeting also addressed the broader issue of declining medical school intakes and the growing brain drain among doctors. MMA emphasized the need for better career progression pathways, increased job security, and more transparent placement and promotion systems. A key recommendation was the creation of a real-time hospital staffing dashboard to aid in more effective workforce planning.
- The Minister acknowledged MMA's concerns and the need for closer collaboration. MMA advocated for being consulted earlier in policy formulation processes and committed to supporting strategies that improve retention and strengthen Malaysia's healthcare workforce.

### 3.1.3 Meeting with Prime Minister's Advisory Committee

Key concerns raised included the decline in medical college intake, regional disparities in allowances, and the negative impact of third-party administrators (TPAs) on general practitioners.
- MMA emphasized the need for systemic reforms such as a real-time workforce distribution dashboard, improved working conditions, better training and career pathways, and regulation to safeguard both doctors' welfare and patient safety.
