

Candidate for Honorary Deputy Secretary 2026/2027

Dato' Dr Parmjit Singh

Dear Esteemed Colleagues,

At every defining moment for our profession, the Malaysian Medical Association (MMA) must remain united, courageous, and steadfast in its commitment to doctors. Our Association must not only represent the profession but also stand beside every doctor in clinics, hospitals, universities, and every setting where our rights, dignity, and future are shaped.

It is with this conviction that I humbly seek your support to continue serving as Honorary Deputy Secretary of the MMA.

My journey in MMA has never been about holding positions. It has always been about service, responsibility, and ensuring that every doctor is represented by a strong, credible, and effective Association that is prepared to lead when it matters most.

Over the years, I have been privileged to serve in numerous leadership roles, including PPS Deputy Secretary, PPS Secretary, PPS Chairman, Penang Branch Honorary Secretary, Vice Chairman, and Chairman. I have also chaired major national programmes, including the 65th MMA AGM & Scientific Congress, the Penang GP Teaching Conference, and MMA Penang Charity Cycling – *Pedal for a Purpose: Ride for Autism*. These experiences have provided me with a deep understanding of MMA's governance and the challenges facing doctors across Malaysia.

As **PPS Chairman**, I worked closely with a committed team to **champion the interests of private practitioners**. Together, we **led the Black Monday campaign** and the **historic Walk to Putrajaya**, **advocating** for the long-overdue **revision of GP consultation fees**. We also **opposed policies that threatened** the role of **general practitioners**, including the implementation of Act 723. Our position was clear: GPs are healthcare professionals, not retail pharmacies, and the integrity of primary care must always be protected.

I have also consistently supported the aspirations of our young and contract doctors through SCHOMOS. Their welfare, career progression, and job security are essential to the future of our profession, and MMA must continue to advocate strongly on their behalf.

Beyond advocacy, I have represented MMA in engagements with FOMEMA, PERKESO, TPAs, MCOs, KWSP, LHDN, CKAPS, the Director of Pharmacy, the PDPA Commissioner, MEF, FOMCA, CEUPACS, Protect Health, Sanofi Aventis, and various specialist societies. I was also honoured to pay a courtesy visit to the Minister of Health, reinforcing MMA's role as a trusted partner in shaping healthcare policy. I believe meaningful engagement, combined with principled advocacy, delivers better outcomes for doctors.

Professional development and fellowship are equally important. I have actively organised Doctors' Day celebrations, educational webinars, dermatology workshops, programmes with MaHTAS, team-building activities, and fellowship events such as the National MMA Bowling Championship. These initiatives strengthen lifelong learning, collaboration, and unity within our profession.

The role of Honorary Deputy Secretary is central to the effective administration and continuity of MMA. Having served in this capacity and worked closely with successive leadership teams, I understand the discipline, accountability, and commitment required to ensure that the Association remains efficient, responsive, and focused on serving its members.

My guiding principle remains unchanged:

Committed. Courageous. United for Doctors' Rights.

If entrusted with your support, I will continue to serve with integrity, professionalism, and dedication. I will work tirelessly to ensure that MMA remains a strong, respected, and progressive organisation that safeguards the interests of every doctor while advancing the future of our profession.

I humbly seek your vote for the position of Honorary Deputy Secretary of the Malaysian Medical Association.

Together, let us build a stronger, more united, and more influential MMA for every doctor and for generations to come.

Experience that Serves. Courage that Leads. Commitment that Continues.

**Vote Dato' Dr Parmjit Singh
Candidate for Honorary Deputy Secretary
Malaysian Medical Association**
