

This is Jo Tan, just Jo, without the 'e', for her,
What's 86 minus 10, divide by 2?
That's her age, but hey, it's just a number!

Born and bred in Penang, until she left for KL to study,
Cycles, plays tennis, loves nature, enjoys cooking, prefers a Hamburg, or Turkey, over Kentucky,
Emotionally sensitive, mostly nice, definitely introverted, but can also be your ride-or-die buddy.

If wrinkles, fine lines, or a droopy face makes you sad,
Or even the sun damage that's so bad, don't get mad,
Cos she deals with aesthetics, a Botox or filler from Dr. Chad will have everyone glad.

She started cycling indoors in RPM classes, back in uni,
An instructor once said, it's time to get outdoors on a road bike with your Pearl Izumi's,
Never knew, road cycling in 2016 blew her, and since then she's been riding almost every week, so just not to get puny.

This will be her maiden charity tour ride to endure,
She hopes to be able to ride for the people who can't, and bring the message to reassure,
Which the importance and awareness of testing in cervical cancer will help prevent a long medical detour.

Together through the efforts of Rose Foundation, she hopes with this opportunity,
May spare the sufferings and hardships in the community.
