

Sreethar Nadarajah
Business Development Manager
AIA Million Dollar Round Table (MDRT)

Sree moved his family to Ipoh, Perak when both his sons were going to start school. While settling down in Ipoh, he met Ernest at a gym, where he was introduced to cycling. He used to casually join Ernest and his friends on their weekly cycling sessions around Ipoh and other routes in Perak. Sree is a business development manager with AIA for the last 30 years and he has helped many clients protect themselves against cancer and other critical illnesses. He also helps advise clients on how to protect themselves against the high cost of treatments in the event of such critical illnesses.

He took part in duathlons and found that he enjoys cycling more, and so the many cycling trips with his like minded friends in Ipoh. His most recent cycling stint was in Phattalung, Thailand in March 2023. He is also grateful to be able to support the Sepeda Amal Borneo and the ROSE foundation in helping women with early detection of cervical cancer.
