Travellers On Arrival Test (OAT) Guide for General Practitioners

MyVAS

eCOVID
MALAYSIA'S COVID-19 OUTBREAK MANAGEMENT SYSTEM

 © CPRC MOH

OVERVIEW

- Malaysia is opening the international borders on **1st April 2022.**

- All travellers will have a Travellers Card in MySejahtera app upon arrival and they are required to perform a **professional COVID-19 RTK Antigen** test **within 24 hours** at any private healthcare facilities. (figure 1, 2 & 3)

  The Travellers Card will be removed when COVID-19 RTK test is negative and the result is updated in MySejahtera. However, if a vaccinated traveller did not perform any COVID-19 RTK test within 24 hours, there will be an issuance of HSO for 5 days in MySejahtera. (figure 4)

OVERVIEW

- **All results updated in eCOVID will be updated in MySejahtera within 10 minutes. Hence, healthcare facility** who perform COVID-19 RTK for the travellers should update the test results in **eCOVID** immediately, otherwise they may be given 5 days HSO **despite having a negative test result.**

- Traveller **should only be allowed to leave the healthcare facility after their "Traveller's card" is removed** and the results are updated in MySejahtera (figure 1,2&3). If the changes didn't occur in the MySejahtera app after 10 mins, please contact the Helpdesk at the "Contact" menu in eCOVID for assistance.

Fully Vaccinated (Blue Traveller's Card)

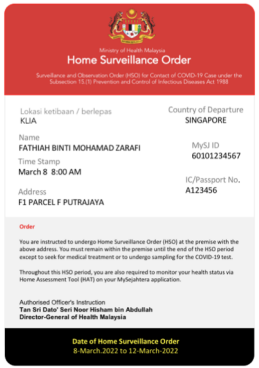

Conduct and upload your PCR pre-departure test **two (2) days before your departure**

Upon arrival, you are required to perform a **Professional COVID-19 RTK-Antigen Test** within **24 hours** at any private healthcare facility (**except for travellers from Singapore**)

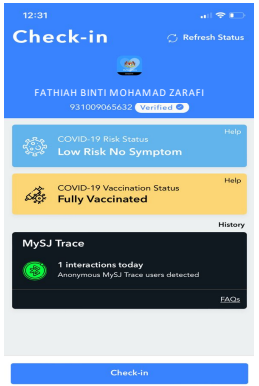

if OAT positive

if OAT negative

*Failure to perform this on-arrival test within 24 hours will result in the issuance of **Home Surveillance Order (HSO)** for **five (5) days**.

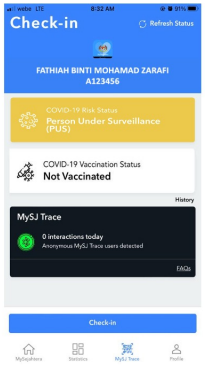

You will be issued of **Home Surveillance Order (HSO)** for **seven (7) days**.

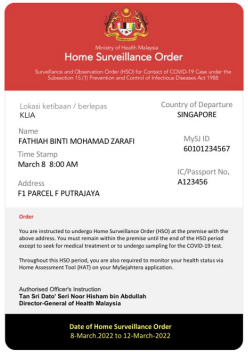

Your Blue Traveller's Card dissapear and your status will change to "Low Risk, No Symptom"

Figure 1

Not Fully Vaccinated / Not Vaccinated (Red Traveller's Card)

Conduct and upload your PCR pre-departure test **two (2) days before your departure**

For **not fully vaccinated travellers**, your risk status will be converted to a **Person Under Surveillance (PUS)** and a **Home Surveillance Order (HSO)** will be given for **five (5) days.**

Upon arrival, you are required to perform **Professional Covid-19 RTK-Antigen** within **24 hours** at any private healthcare facility

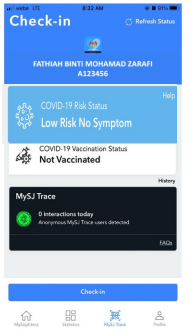

If OAT negative

If OAT positive

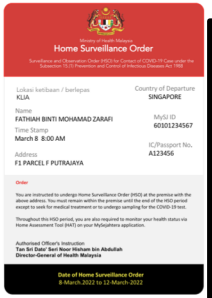

You are required to repeat your **PCR test on day four (4)** OR conduct a **professional RTK-antigen test on day five (5)** from arrival date

If RTK/PCR negative

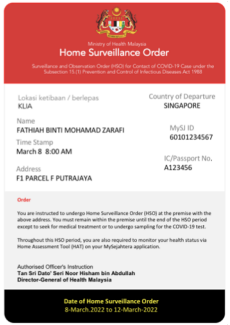

If RTK/PCR positive

Your Red Traveller's Card will disappear and your status will change to **"Low Risk, No Symptoms"**

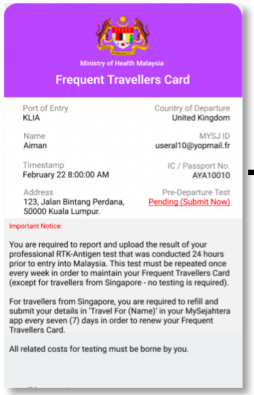

You will be given **another five (5) days of Home Surveillance Order (HSO)** starting from the **day the sample was taken.**

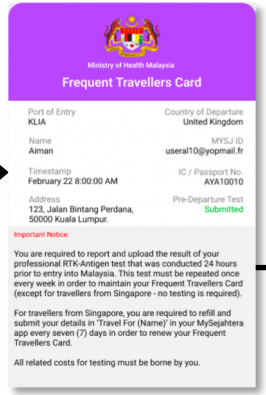

You will be issued **Home Surveillance Order** for **ten (10) days.**

Figure 3

Frequent Traveller (Purple Traveller's Card)

Submit your **COVID-19 PCR Pre-Departure Test 24 hours** before entry to Malaysia

You are required to perform a **Professional RTK-Antigen Test** once a week (**except for travellers from Singapore**)

RTK available within past seven (7) days?

Yes

Your Frequent Travellers Card stays valid for another week

No

Your Frequent Travellers expires. You will need to submit a new application

*If you have been infected with **COVID-19** in the **past 60 days** prior to the date of departure, you are required to upload a **Professional RTK Antigen Test** only.

*Travellers from Singapore are advised to apply for renewal of your Frequent Traveller's Card every seven (7) days.

IMPORTANT INFO

eCOVID Outbreak Management System (OMS) is the official platform for COVID19 test registration for travellers to perform On Arrival Test (OAT)

- Results of eCOVID is integrated with MySejahtera for status conversion
- Results is made available in SIMKA

OPTION 2

MyVAS
Lab Results Update

HOW TO UPDATE RTK TEST RESULT

 © CPRC MOH

MyVAS – Lab Results Update

In the event where eCOVID system is facing issues (eg. Server down/ down time), we have enabled MyVAS Lab Results Update to update RTK result as an alternative to maintain traveller status as low risk (if results are negative). The results from MyVAS will also be updated to the travellers/ public MySejahtera status.

Note:

- You will not be able to print test results temporary (until further notice).
- Patient can view results in MySejahtera and the traveller's card will be removed.

BUSINESS CONTINUITY PLAN (BCP)

EMERGENCY EXCEL SHEET

ENTER PATIENT DETAILS AND RESULTS INTO EXCEL SHEET

(WHEN BOTH ECOVID AND MYVAS IS NOT AVAILABLE)

BUSINESS CONTINUITY PLAN (BCP)

- In case of eCOVID and MyVAS system is down simultaneously, we have a BCP in place.

- The CPRC Digital Team KKM would contact PIC of each state to disseminate information on how to update results into MySejahtera using an excel sheet.

- Private clinics can join the CPRC - GP Telegram Group to get most updated information from us via https://t.me/+4wVxAv_LeNBhOWM9.

ON ARRIVAL TEST RESULTS UPDATE SYSTEM OPTIONS

Option 1 → eCOVID Outbreak Management System (OMS)

Option 2
(Only if eCOVID is unavailable) → Use **MyVAS Lab Result Update** Module

Option 3
(Only if both eCOVID & MyVAS unavailable) → **BCP** : To fill in test results in emergency excel sheet

GP has to make sure that the traveller RTK **Result updated & Traveller's Card in MySJ is REMOVED** while traveller is still in the GP's premise

For the GP that **has MyVAS but still haven't got eCOVID ID**, the GP are require to **apply for eCOVID to perform OAT (on arrival test)**
